INVITATION

Special Program for Journalists, June 2-4, Berlin Legislators Forum

On-the-Job Training Program on Climate Change, the G8 Agenda and the Role of Avoided Deforestation in Reducing Emissions

May 14, 2007

The COM+ Alliance of Communicators for Sustainable Development, (www.complusalliance.org) and the Global Legislators for a Balanced Environment (GLOBE – www.globeinternational.org) are pleased to invite you to participate in a special program of activities for journalists at the upcoming Berlin Legislators Forum, Germany, on June 2-4, 2007. A special “on the job training Session” will be organized on June 2nd, which will serve as a preview of the Forum.

The Berlin Forum is the third meeting of the G8+5 Climate Change Dialogue and also the first meeting of the G8 Illegal Logging Dialogue, both facilitated by GLOBE. The Forum will address the following key themes:

- Pathways for clean technology: what decisions do legislators and business leaders need to make to ensure delivery of technologies to market.
- Forests & Climate: what role can avoided deforestation play in reducing emissions.
- A future Framework for a post 2012 Climate Change Agreement.

In conjunction with GLOBE, COM+ will host a series of activities on June 2-4 for journalists, including the ‘On-the-Job Training Program on Climate Change, the G8 Agenda and the Role of Avoided Deforestation in Reducing Emissions’.

If you would like to participate in the program, please contact: Katiana Murillo (katiana.murillo@complusalliance.org) or Rebeca Barquero (rebeca.barquero@complusalliance.org), tel: (506) 241-0101, no later than Friday, May 18th.
