The Media Development Think Tank

WEBINAR

The changing tides: Re-imagining media support in Africa

While there is progress in adopting good practices and digital strategies, structural weaknesses and limited accountability undermine the resilience of African public interest media. DW Freedom Think Tank invites you to discuss the current situation of media development in the region and what it would take to address the noted gaps. The webinar will present results and insights from the State of Media Development Report focusing on Anglophone Africa.

GUEST: [Robi Koki Ochieng](#), Anglophone Africa Researcher for DW Akademie's State of Media Development Report & [Maurice Otieno](#), Executive Director, Baraza Media Lab

HOST: [Dr. Rose Kimani](#), Project Manager, DW Akademie
